The Transfiguration of the Lord

Theme/Call To Worship

Today's feast commemorates the metamorphosis of Christ on Mount Tabor, where our Lord appeared in His divine glory before the Apostles Peter, James, and John.

Daniel 7:9-10, 13-14: Daniel depicts God as a judge with many people standing before him. He also describes a man who came to him, and was given power over all other people. This power is described as everlasting and never to be destroyed.

2 Peter 1:16-19: Peter discusses how the disciples witnessed Jesus being honored and spoken to by God, fulfilling all the prophecies. He also reminds us that these prophecies were God's words, delivered through a person moved by the Holy Spirit.

Gospel: Mt 17:1-9: Jesus took three of his disciples to a high mountain, where Elijah and Moses appeared and spoke to him. Peter suggested they make three tents, one each for Jesus, Moses and Elijah. While he spoke, a voice came from a cloud saying, "This is my Son, the beloved one; listen to him." The disciples became very afraid and fell to their knees. Jesus told them to rise and not to be afraid. As they looked up, they saw only Jesus. As they left the mountain, Jesus warned the disciples not to mention this until he had risen from the dead. Although they did not understand, they obeyed.

Caregivercare

Dementia Services New York Smart Food for a Healthy Brain

Our mission is to encourage life styles that are healthy for the brain, to support family caregivers of those suffering from dementia and to promote non-pharmacological interventions for the patients.

Program Administrators:

Stefano Marracino and Gianni Perillil

Place: STM Rochester Room

When: One Thursday Per Month
(Dates to be Determined)

September 2017 to January 2018

Time: 1pm to 4pm.

Description of the program: The goal of the program is to promote a healthy diet for the brain such as the Mediterranean diet. We will introduce every session with a talk about how diet can impact on social life and health.

During each session, the chef will prepare a dish included in the list of dishes considered healthy for the brain based on scientific evidence. The chef will involve the audience (mainly the elderly) during the preparation of the dish, use the projector to illustrate the topic and answer questions from the participants before and after serving the dish

When available, the live accompaniment of a pianist will be included to promote a serene atmosphere.

The program **Smart Food for a Healthy Brain** is one of the programs provided by GP Dementia Services New York at St. Thomas More Church to promote neuroprotective activities. All the programs of GP Dementia Services New York are free of charge.
