

Dear Parishioners of Sacred Heart,

With sincere respect for the conscience of each individual, Bishop O'Connell has asked all of us to consider getting the COVID-19 vaccination if we haven't done so already. To date, New Jersey is at 70%, the eighth highest vaccination in the country. With the Delta variant and other mutations of the COVID virus rapidly advancing throughout our State and our country, many worries and concerns are also being raised. Let us all continue to be vigilant and prayerful as, it appears, the difficulties and dangers of this critical issue are not yet over.

Let us continue to do all that we can to assist with the safety and security of ourselves, our loved ones, our neighbors and everyone who is experiencing anxiety during these troubling times.

May the Sacred Heart of Jesus continue to bless us and keep us in His care.

*Father John*
