

BUILDING OUR FUTURE!

**WE'VE REACHED AND
SURPASSED OUR GOAL!
THANK YOU!!!**

\$150,000

Our goal

Who: The community of St. Ann.

What: A comprehensive campaign designed to settle our debts, close our deficit, and ensure the future of our church family.

Why: Our parish is running on a deficit. Diminishing weekly collections and needed structural repairs have resulted in a financial crisis requiring the immediate attention of all members of our church. We need your help to ensure we can continue to live up to our mission statement by praying, worshiping, and forming our future together.

St. Ann is more than just a building. It is a second home for the hundreds of families on our rolls. This is a place we can come in times of great happiness and sorrow and know that there will be someone waiting with open arms to share our joys and burdens. We owe it to one another to fight to save that.

We ask that you pray for guidance and openly discuss among your family what you can do to help. Every donation is needed and will be received with the sincerest thanks. We appreciate you taking the time to consider your stewardship toward preserving this community.

THANK YOU!
