JUBILEE

Liberation and Renewal

Deuteronomy 15, Leviticus 25, Isaiah 61, Luke 4

In the Bible, the Jubilee is a time when the oppressed go free, the land is returned and allowed to rest, and debts are cancelled.

When Jesus came, he declared a Jubilee, a time of freedom and justice.

JUBILEE 2000

Drop the debt!

During the 2000 Jubilee, 640,000 Canadians asked to "drop the debt" of deeply indebted countries. Celebrities, politicians and even Pope John Paul II joined the call, leading to the cancellation of over \$100 billion of debt for 36 countries.

JUBILEE 2025

Change the system!

While debts were cancelled during Jubilee 2000, financial systems remained unjust. So, many countries are in debt crises again. That's why the Jubilee 2025 call is not only for debt cancellation but also for reforming financial rules to put people and the planet over profit.

ECOLOGICAL DEBT

Who owes whom?

The Global North owes an ecological debt to the Global South and Indigenous peoples because our lifestyle based on the exploitation of natural resources is destroying their environment. This contributes to climate change, which hits these communities hardest even though they contribute the least to it. For true justice and reconciliation, we must return lands to their rightful caretakers and change our economic model of destructive extraction.

JOIN THE JUBILEE! *Sign the petition!*

Add your voice to the global demand for justice! **Scan this QR code to sign a petition** calling creditors and decision-makers to cancel unjust debt, reform financial systems and create a United Nations debt framework.
