

Bicentennial Update; 19 September 2022

Work continues in the Family Life Center. New, built-in Storage Cabinets, wall mounted TVs and Whiteboards have been installed in each classroom and the parish library on the 2nd floor.

Work that has begun but is not yet finished:

- New, colorful artwork in each classroom appropriate to the age of the students for that class.
- New signage for all classroom doors

Many thanks to all our parishioners who continue to support the Bicentennial Campaign and to the Men's Club and Knights of Columbus members for their hard work making these improvements!
