Title: STEM Teacher
Reports To: Site Principal
FLSA Status: Regular, Full-time

ESSENTIAL FUNCTIONS:
- Teach STEM concepts to grades K-8
- Facilitate supplemental activities, including a STEM Speaker Series, Science Fair, and after school STEM enrichment program
- Help maintain the STEM portion of the school website
- Work with parent volunteers to maintain the site’s Wifi network
- Participate on site committees, such as WCEA accreditation team, curriculum adoption, site safety, and Catholic Identity
- Attend professional development throughout the year
- Work collegially with homeroom teachers to plan and implement the STEM curriculum
- Participate in liturgical planning and other site efforts to promote Catholic Identity
- Communicate regularly with parents and members of the school community
- Help in writing grants to support the STEM program
- Other duties as assigned by the principal

QUALIFICATIONS:
Candidates should have a working knowledge of, or willingness to learn digital painting, audio editing, video editing, 3D printing and programming with Scratch. Experience with robotics and the Microbit, programming in C++, and web design using HTML/CSS/JavaScript is desirable but not necessary.

EXPERIENCE:
2-3 or more years of experience teaching K-8 students is desirable but not mandatory. Previous experience in a Catholic environment or institution is preferred.

EDUCATION/CERTIFICATIONS:
A Bachelor of Arts or Bachelor of Science degree is required. Candidates should also have, or be in the process of earning, a multiple subject teaching credential, or a single subject credential in Science and/or Technology.

PLEASE SUBMIT RESUME, COVER LETTER AND 2 REFERENCES TO:
Leo Alvarez, Principal
Good Shepherd School, 909 Oceana Blvd., Pacifica, CA 94044
